# Heilmittel-Richtlinie und Heilmittelkatalog

Das Standardwerk für die  
regelkonforme Verordnung von Heilmitteln

Aktuelle Ausgabe  
zur Neufassung der  
Heilmittel-Richtlinie 2020  
mit allen Hinweisen zur strukturierten  
Heilmittel-Verordnung

The image shows a stack of blue forms used for prescribing treatments. The top form is a prescription form with a header section for patient information and a main section for treatment details. It includes a table for listing treatments with columns for treatment name, quantity, and frequency. Below the table are checkboxes for 'Anwendungsdauer' (duration of use) and 'Anwendungshäufigkeit' (frequency of use). The bottom form is a 'Heilmittelkatalog' (treatment catalog) with a table for listing treatments and checkboxes for 'Anwendungsdauer' and 'Anwendungshäufigkeit'. The forms are designed to facilitate the structured and rule-compliant ordering of treatments.
